

These rates apply for 2014 and beyond.

Rates are "Teaching" + "Transportation"

"Teaching"\*

30 minutes: \$27

45 minutes: \$38

60 minutes: \$50

"Transportation"

Driving\*:

In city: 0.60/mile each way for each lesson.

Outside city: 0.50/mile each way for each lesson.

Public transport (CTA network):

≤3 miles: No fee

≥3 miles: \$1 flat fee for each additional mile, each way.

\*Teaching rates are for total time for each student. (So if you want lessons at my studio for two students at 30' each, it's \$27+\$27, not \$50.)

\*\*Driving costs are assumed if there is ever a need for me to drive. That is, driving costs are assumed, at my discretion, if public transportation, cycling or any other form of transportation is deemed to be too impractical.
